TERM 3 NEWSLETTER

Father's Day Surprise

Hey Dad!... You should see what I sewed for you!

Term 3

We will start off the term by creating a gift for Dad or Grandpa on the sewing machine. The children will be super proud presenting this item on Father's Day, September 2nd 2018. We will also be making personalised Pencil cases with their name embroidered on panels of fabric so that the children can design their own pencil case. Also we will be designing our own heavy weight canvas enviro tote bag.

With all these items the children will learn and practise hand sewing, stretch sewing, sewing with heavy weight fabrics, changing machine needles, threading the machine, and manipulating fancy stitches with width and length settings.

NB: new students start off learning how to use the machine and making our first project to get familiar with the machines and then continue with the set curriculum.

Term 3 dates – 25th July to September 29th
